

## **HSS Endoscopic Gastroplasty Disclaimer**

1. Dr. Marvin does NOT guaranty specific weigh loss for any weight loss procedure to any specific patient. Too many factors are involved to make accurate predictions. Weight loss estimates are based on data reported in the medical literature and/or Dr. Marvin's practice experience.

2. Dr. Marvin can make NO guaranty of the longevity for endoscopic gastroplasty. Long term data is not available for this procedure. It is possible that the weight loss effect may decrease or be lost over time.

3. There may be a failure rate associated with Endoscopic Gastroplasty. Failure is defined as loss of the weight loss effect within the first 90 days after the procedure. Data from a large international center suggest the failure rate for this procedure may be 5-7%.
